# Grafting & Air Layering Techniques

## About this event

DATE: Friday, August 11

TIME: 10:00AM

LOCATION: Palma Sola Botanical Park (9800 17th Ave NW Bradenton, FL 34209)

Join UF/IFAS Environmental Horticulture Associate Professor Dr. Andrew Koeser and Residential Horticulture Agent Alyssa Vinson for an introduction to grafting and air layering. The class will be hands on, so be prepared to participate and learn skills you can apply in your home landscapes.

The University of Florida is committed to providing universal access to all of our events. For disability accommodations such as sign language interpreters and listening devices, please contact Katie Granberg, [katiebg@ufl.edu](mailto:katiebg@ufl.edu), (941) 722-4524 x 1815 at least 1 week in advance. Advance notice is necessary to arrange for some accessibility needs.

The day will feature:

- Pet Photo Booth — FREE!
- AnimalLuvrs Dream Rescue
- Community Pet Project
- The Humane Society
